

# OUR STORY

Sun Yums started out of the lovely city of San Luis Obispo. Since we are located on the beautiful Central Coast, we have drawn a lot of inspiration from the nature surrounding us. We want you to feel like you're experiencing all of the beauty SLO offers when you walk through our doors. Whether that be the sunshine, coastal waters, or rolling green hills.

We also use all plant based ingredients, mostly from small local farms. These ingredients are all focused on making you feel amazing. We not only think of food as something fun and delicious, but we think of it as medicine. It has so much power over the way we feel and function. Not only physically, but mentally as well.

This world can be a crazy place, and we want the store to be a positive and uplifting environment to escape to. There are plenty of acai bowl and smoothie shops out there, but our mission is to be so much more than just our yummy food. As cheesy as it sounds, we want to make the world a better place.

# the GOOD STUFF
